

Senior Project Manager

Number of Posts: 1

Contract Type: Full time - Permanent

Job description

EMDP is a boutique multidisciplinary consultancy working in the fields of Environment, Management, Design & Planning. for over 25 years. The practice has a broad experience in both small-scale and large-scale projects in Malta, Europe, North Africa, and the Middle East. EMDP prides itself in Creating SPACE.

EMDP has been responsible for the formulation of master plans and public urban design, advocacy planning, the preparation of specialist planning documents like Environment Impact Assessments and Traffic Impact Studies, restoration reports, urban studies as well as the preparation of background studies for a number of Local Plans. EMDP has been responsible in creating SPACE imbued with spirit, in harmony with nature, providing identity, experience – a sense of being.

EMDP currently manages a portfolio of ongoing works ranging from the supervision of roads and infrastructure works, the €50 million installation of shore-to-ship power infrastructure in the Grand Harbour of Valletta (which allows cruise ships to switch off their engines and plug in to shore electricity points, thus drastically reducing emissions over the Grand Harbour area and beyond); the €12 million development of MICAS – the Malta International Contemporary Art Space museum, the design and project management of the development of a number of security related projects; the design, development and project management of the €30 million Vincent Moran Health Hub Hospital servicing the southern part of the island, as well as the design of a number of hotels, schools, office, industrial, mixed-use and residential buildings.

EMDP is seeking to expand its core team by recruiting **Senior Project Manager**:

Senior Project Manager – building/civil site experience

The position calls for individuals who are in possession of the licensed to work as a Structural Engineer/Civil Engineer within a country of the European Union and/or the Country of origin of the selected candidate; with at least 10 years' experience (preferably in the project management of at least 1 large scale project with a completion budget of over €20 million). Specialist Buildings like Hospitals, Museums, Special Security Building works will be given a preference.

The chosen applicant is to be willing to transfer to Malta; travel (in a post COVID era); work in a small, versatile, tight knit team with experiences spanning from the initial conceptual stages to the evolution of design, the final stages and follow up of development permit submission, followed by detailed design, tender preparations, construction, contract management supervision and certification.
