

FullStack Developer

Number of Posts: 2

Contract Type: Permanent – Full Time

Job description

At River, we develop innovative products for our clients who operate in different markets and industries with the latest technologies.

We are looking for someone that can help us maintain our existing systems whilst building new ones using .NET Core & Orleans whilst also creating SDKs with TypeScript to help our Frontend teams!

If you are a big team player, passionate about using the latest tech, have a keen eye for detail and someone who is looking to grow their skills, we will support you all the way. We work hard to produce excellent results, but we also like to enjoy ourselves too, so it is a great environment to be a part of. If you think this next step is for you, let us have a chat.

Responsibilities

- Work in an agile team consisting of other full-stack developers whilst in constant support of other tech teams.
- Participate in task estimations & code reviews.
- Plan, build, test, and release new features and experiments in .Net, TypeScript, etc.
- Collaborate with engineers across the department to identify and build on improvements to our processes and systems.

Requirements

- At least 2 years' experience in .NET/C#
- Good understanding of TypeScript and JavaScript
- Experience developing front facing APIs
- Able and willing to learn new technologies
- Experience using GIT

Skills in the following area is considered a Plus:

- Experience with Angular 4+ will be considered an asset
- GraphQL
- Messaging technologies such as Kafka
- Working with Orleans or other actor model systems
- AWS, Azure or GCP experience
- Docker, kubernetes experience
- MySQL experience
- SignalR

Profile Skills:

- Self-motivated individual always looking to better his skills.
- Excellent analytical and trouble shooting skills.
- Attention to detail.
- Good problem-solving skills.
- Excellent verbal communication skills and interpersonal skills.
- The ability to quickly learn new things and adapt

Training provided: Yes, however candidate must possess the minimum requirements and training can be offered for additional skills.

Any assistance with accommodation/relocation: We cover relocation costs and provide temporary accommodation.

- **Any other benefits:**
- Commuting Assistance
- Performance Bonus
- Wellness Package
- Health Insurance
- Work From home Allowance

Salary

Eur 30,000-50,000 (depending on candidate's experience)

How will the interviews be held?

All interview stages are done remotely.
